## Full HD Wireless KODAK Camera W101

### 1080p FULL HD Quality Video

The KODAK W101 camera produces 1920 x 1080 Full HD resolution for clear video streaming, playback and recording.

### Flexibility and autonomy

The W101 wireless camera offers total flexibility: the 4 standard LR6 AA batteries allow a battery life of up to 6 months for uninterrupted monitoring of what you want at a lower cost.

### Indoor/Outdoor

The Wi-Fi connection will allow you to position the camera wherever you want, both indoors and outdoors.

Its magnetic support will allow you to position the camera with the desired viewing angle on any support.

### Two-Way Audio

Listen to what's going on through the Wi-Fi camera and talk through the camera's built-in speaker, using your smartphone.

### Camera Recording

Capture and record videos to micro SD card so there is no need for expensive services to store your recordings. Supports micro SD cards up to 128GB maximum capacity (not included). Possibility of scheduling motion detection.

### Optional accessory

The camera supports a solar panel (not included) for a longer battery life.
