

# KODAK Alarm System SA101

## Alarm System LAN SA101

### Plug and play

This DIY system is easy to install. It includes a hub, 2 door/window sensors, a motion sensor and a remote control.

Add KODAK Security Cameras indoors and/or outdoors as well as KODAK Accessories for an extended protection.

Manage and monitor your home anytime and from any location with the free KODAK Conect App. Receive push notifications and emails when an accessory triggers.

Built-in backup battery and siren for active protection.

### Compatibility accessories

Add up to 32 KODAK security accessories, including wireless plugs as well as 4 KODAK security cameras.

Simply connect the control panel to your router and install the free KODAK Conect app.

# KODAK Alarm System SA101

RJ45 network cable connection for easy installation and stable connection. The hub controls the accessories and the cameras. Create scenarios by linking accessories to actions.

The motion sensor is easy to install. A notification of the application is sent in case of motion detection of a human or an animal up to 10 meters.

The window/door sensor is easy to install on a window or door. An alert is sent on the user's phone or tablet during an intrusion when the system is armed **(x2 included)**

The remote control fits in the palm of one hand but is wide enough to facilitate control of the buttons. Possibility to arm, disarm the system or activate the SOS mode up to 90 meters from the control panel.
